Heart Attack Fatal To Alcide de Gasperi

SELLA VAL SUGANA, Italy (A)the year before, but that was not Alcide de Gasperi, the lean old statesman who led Italy out of postwar chaos and onto the path of democracy, died today of a heart attack

Death came to the former Premier as he rested here in his north Italy mountain retreat, far from Rome and the political wars in which he had battled without respite for nearly a decade.

His passing robbed the cause of European union of one of its staunchest supporters. Italy's struggle against communism lost one of its hardest fighters.

\$200,000 Birthday Party Thrown For A California Naval Shipyard

VALLEJO, Calif. (P-Did you ever hear of a community raising \$200,000 to throw a birthday party for a naval shipyard?

citizens here have chipped in that amount to celebrate next month the 100th anniversary of Naval Base by brusque David G. Farragut, later to become America's first admiral.

The long, low island at the northern end of San Francisco Bay had been bought by the Navy for \$83,491, and was the first link in its chain of defenses

Farragut, who had joined the Navy at the age of 10, was 50 years old then. He had no way of knowing that within another decade he would become the hero of the battle of Mobile Bay, eternally famous for his command, "Damn the torpedoes-full speed

The Russian influence showed in actions of the Communist members of the French Parliament. Russia doesn't want a rearmed West Germany, so they don't.

The nationalists don't like the idea of France becoming part of a multination military force which would mean a long step toward the end of a separate French army under full French control.

And there is the fear of Germany. After two world wars the French have reason to worry about a Germany rearmed. And letting West Germany into EDC would mean rearming her, although in a 500,000 men in 12 divisions in EDC

Yet, part of the original French thinking in suggesting EDC was neighbors, and the German general staff would not be revived.

Further, the United States, Britain and many West Europeans felt any defense against Russian attack would be weak unless West German manpower was included Con the side of the West.

Remember the One About The Widow---?

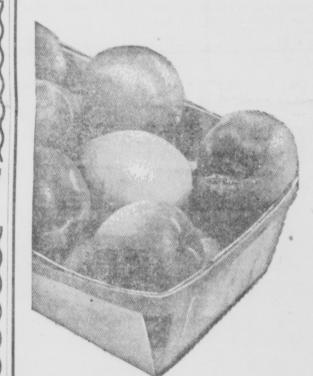

The widow listened to the sermon over her husband, but when the preacher had finished, she turned to her boy and whispered:

"Johnny, step up to that coffin and see if that really IS your father the parson has been saying those nice things about "

Chances are you've run into friends of yours who've had nice things to say about Ward's Market. Maybe you're beginning to feel like the widow.

Maybe you'd like to step up and find out if all the nice things you hear about Ward's Market are true.

Why not come in real soon - and be sure to attend the Drum and Bugle Corps Show this Sunday.

USS Forrestal, Mightiest Warship In History, Nearing Completion

By RAYMOND WILCOVE Central Press Correspondent WASHINGTON -- The world's mightiest warship, the USS Forrestal, is finally nearly completion after three years of planning and

If all goes according to plan, the great aircraft carrier, almost onefifth of a mile long, will be launched later this year, probably in autumn, at Newport News, Va.

In a day when many believe the atom and hydrogen bombs have made warships obsolete, the United States is exhibiting its confidence in its Navy by investing \$218 million in this mammoth ship.

The Forrestal, named for the late James Forrestal, first secretary of Defense and former secretary of the Navy, is the first of three similar ships being constructed. Work on the second, the USS Saratoga, is underway at Brooklyn at an estimated cost of \$209,-700,000. The third, still unnamed, will be built at Newport News for \$117,750,000.

In all, the investment in the three aircraft carriers will amount to approximately \$545 million, not including the cost of their complement of high-priced planes and

THE NAVY believes it is a good investment, despite the A-bomb and the H-bomb. The ships will be so ringed with protective devices and guardian vessels that the Navy doesn't think any attacking plane will be able to get within striking range.

Buying Off-List Growing Habit In U.S. Market

Discount Houses At War With Many Old-Line Stores

By SAM DAWSON

NEW YORK (A)-Buying off-list is a growing habit with many merican families in the present buyers market.

Many manufacturers wink at the cutting of their regular retail list prices. Many others deplore it and fight it. "Fair trade" advocates see red at the mention of it.

JUKE BOXES PLAY HOT TUNE Tribe Hits OF \$20 MILLION ANNUALLY Double Header

The experts know the tunes she will select, By HENRY C. NICHOLAS Central Press Correspondent

SAN FRANCISCO-Back in November, 1889, customers in the Palais Royal saloon in San Francisco put aside their beers and gathered around a strange new contraption. It had four individual listening tubes, each controlled by a separate coin chute. A salesman stood beside the machine and explained this new miracle of the age.

He said if you dropped a nickel in the chute and pressed your ear against the tube you would hear music and even the voice of a woman singing. That day, 65 years ago, the juke box was born.

Americans are still dropping nickels and dimes in these juke boxes, which have since grown into a giant industry. Today there are some the Tribe with its only loss in the 500,000 such machines scattered around the country. Wynn Gets 16th, Ford 13th Of Year; Margin Still 3

By The Associated Press

Maybe the American League should let Cleveland and New York go ahead and play the five games they have left with each other and get the pennant race over.

The way the Indians and Yankees are playing now they might well win all their other games

They have to use up their strength playing "crucial" series with teams mathematically eliminated from all possible chance at the title. A slipup anywhere along the line could spell the difference.

Just consider the futility of the chase. In their last 68 games more than half of their total played to date - the second-place Yankees have gained exactly half a length on the Indians. Here are the figures: The Yan-

kees have won 9 in a row, 15 of

their last 18, 35 of their last 43, and 52 of their last 68. But Cleveland has won 8 straight, 12 out of 13, 17 out of 20, and 51 out of 68. Everybody with any pennant hopes left in either league won yesterday. Cleveland beat Detroit 4-0, New York defeated Philadelphia 6-1 and Chicago whipped Baltimore 4-1 in the American League. The New York Giants thumped

Maybe the American League should let Cleveland and New York go ahead and play the five games they have left with each other and get the pennant race over.

The way the Indians and Yankees are playing now they might well win all their other games

They have to use up their strength playing "crucial" series with teams mathematically eliminated from all possible chance at the title. A slipup anywhere along the line could spell the difference.

Just consider the futility of the chase. In their last 68 games more than half of their total played to date - the second-place Yankees have gained exactly half a length on the Indians.

Here are the figures: The Yankees have won 9 in a row, 15 of their last 18, 35 of their last 43, and 52 of their last 68. But Cleveland has won 8 straight, 12 out of 13, 17 out of 20, and 51 out of 68.

8 Die In Traffic Accidents In County For First 6 Months

Sheriff Reports 173 Accidents, 122 Injuries

Arrested By Patrol Reach 692 Figure During Same Time

Pickaway County recorded eight persons, one hog and one steer killed through traffic accidents during the first six months of 1954.

According to reports from Sheriff Charles Radcliff's office here, there were 173 accidents during this same period with 122 persons injured.

However, there was an upsurge of accidents in July with 42 being recorded. There were one person and one pig killed and 27 persons injured during the month.

In the first 18 days of August, there were two traffic deaths and 24 injured in 23 accidents. The fatal crash took two lives Aug. 14.

TWO OF the first six months were deathless in the county. No fatalities were recorded during Mail In Sea March or April.
